DESIGN INNOVATION IN
EDUCATION FLOORING

EDUCATION

The best new learning environments are inspiring and open, light-filled spaces for growth and development.

Understanding the needs of Architects and Designers who work in this fascinating sector is important to us. We work to create good partnerships that make an education project the best it can be. From inspiring product design, high performance qualities and easy maintenance regimes, our flooring is an excellent choice for a new project.

Amtico floors are well suited to all these collaborative spaces - new schools, universities and student residences. Using zones, way-finding and colour variation is possible with our hard-wearing products.

Allow us to explore the options with you. Over 50 years of experience in manufacturing and designing flooring for demanding environments means we can be your next expert partner.

Cirrus Air SX5W8100, Satin Weave SX5A3805

Ceramic Flint SX5S2594, Ruffian Tan Tetons EERF008404

Dark Walnut AR0W7700

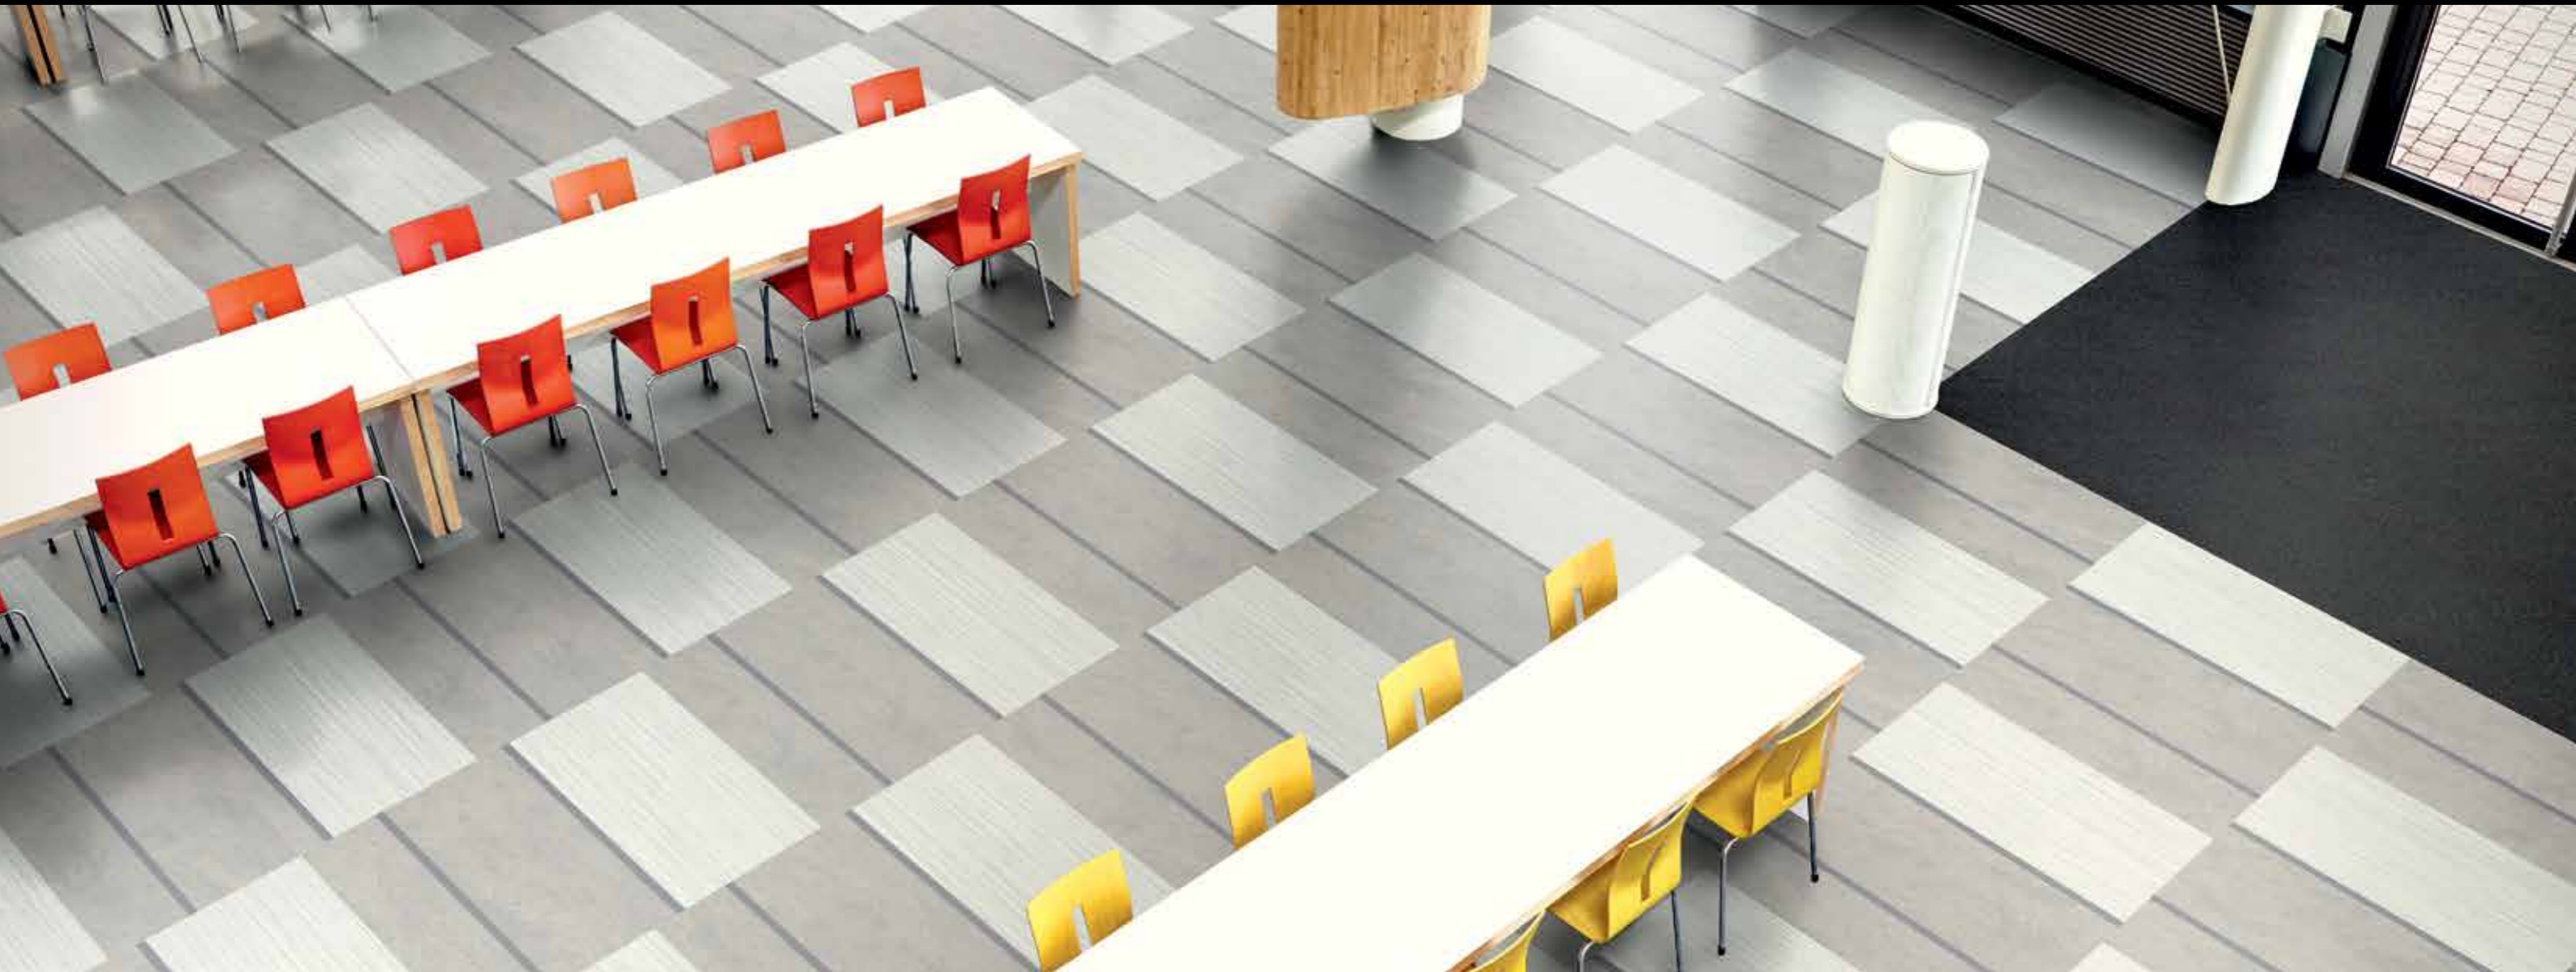

Neutral Pine AR0W7770

Linen Weave SX5A3800

Smoked Cedar SS5W2536

Stria Ash AR0SMS13, Linear Chalk AR0ALA11, Composite Flint AR0SGN32 Stripping and Entryway Ruffian II Ebony Earth EERF001506

Our flagship collection of 188 products, offers the flexibility to create bespoke designs, or cut and combine tiles in an infinite numbers of ways.

With a thicker 1,0 mm wear layer, these products offer longevity and are suitable for high traffic areas in hospitality and leisure, retail, office, education, healthcare, commercial housing, government buildings and commercial spaces.
